INTRODUCTION

Alnafie Group

At the forefront of industrial and commercial progress since the 1960s, the company has grown to become one of the leading players in the FMCG, metal, and contracting sectors across the MENA region. With over 50 years of experience, it is recognized for its commitment to quality and innovation, consistently meeting the diverse needs of commercial markets through forward-thinking solutions.

Operating from a state-of-the-art facility that spans 144,000 square meters, the Group combines scale, expertise, and reliability to deliver impactful results. This extensive space supports advanced manufacturing, logistics, and integrated operations that serve clients across industries with professionalism and precision.

Our Mission

We are investing in our future on behalf of our clients!

Our Vision

To constantly provide world-class, cost-competitive, best-quality products/services to our valued customers. We strive to strengthen Saudi Arabia's industrial base by contributing to building the future in line with Saudi Arabia's Vision 2030.

Our Values

- Quality Commitment
- Innovative Thinking
- Customer Support
- Service Excellence

Why Alnafie?

With decades of experience, advanced facilities, and a commitment to quality and innovation, Alnafie Group delivers reliable and integrated solutions that meet the needs of diverse industries.

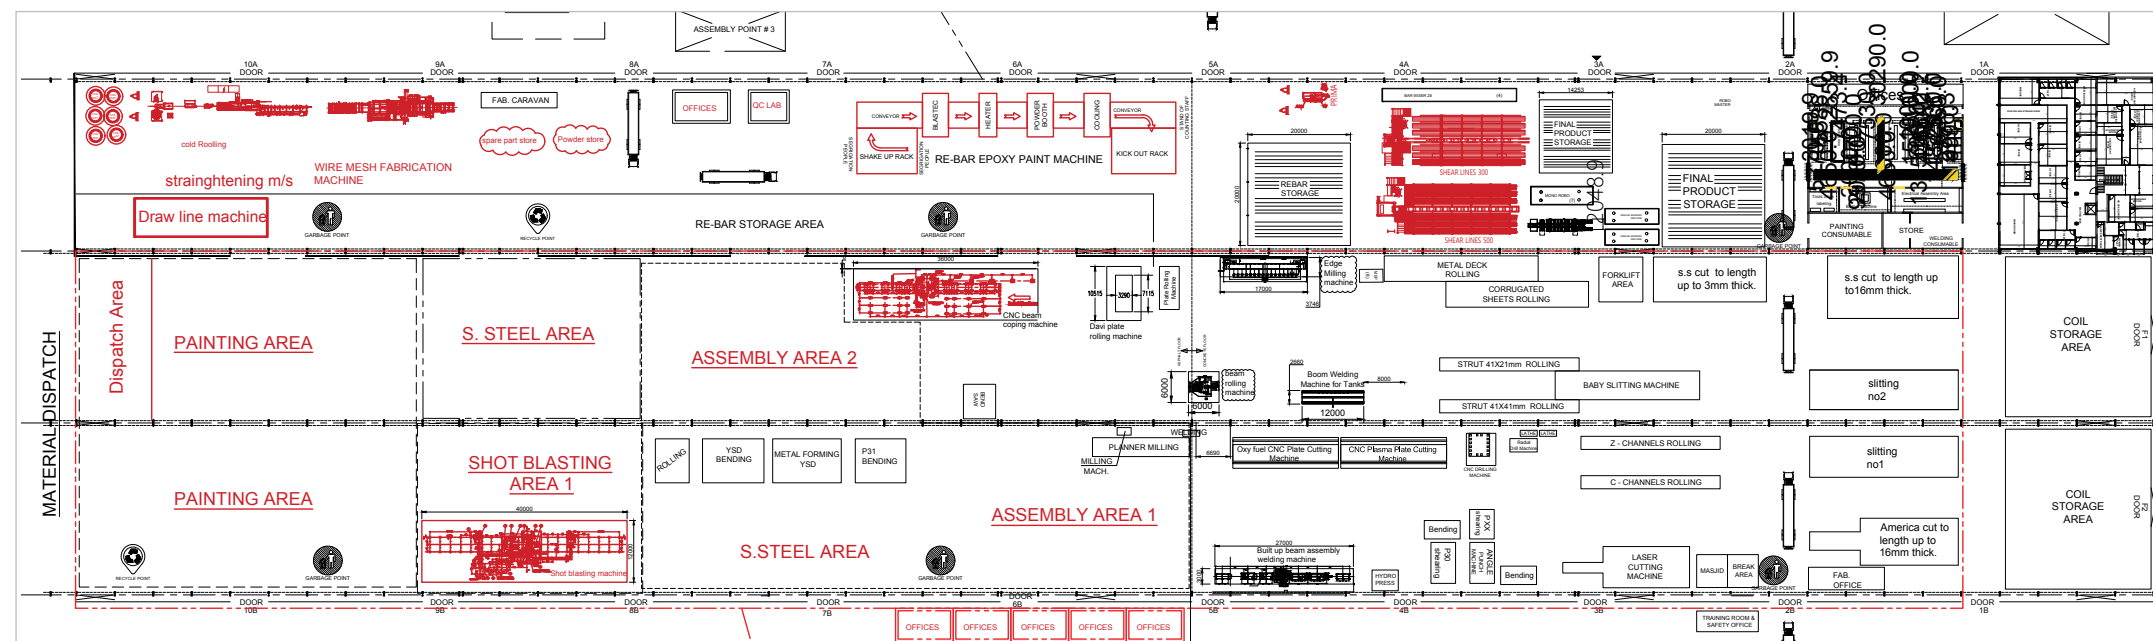

FACTORY LAYOUT

Efficient Space Planning

The 144,000-square-meter facility is strategically designed to enhance workflow, safety, and productivity. Its layout reflects Alnafie Group's focus on operational efficiency through seamless coordination between production zones.

Each area—from raw material intake to fabrication, quality control, and logistics—is organized to reduce delays and maximize output. The layout also includes infrastructure for safety, employee welfare, and administrative support, enabling smooth operations across complex industrial projects.

TECHNICAL CAPABILITIES

SOFTWARES

We utilize advanced software tools to ensure accuracy, efficiency, and technical excellence.

- 1 STAAD PRO
- 2 RAM Connection
- 3 IDEA StatiCa
- 4 TEKLA
- 5 AutoCad
- 6 AME Tanks
- 7 Compress

STANDARDS & CODES

We adhere to the following standards to ensure technical and regulatory compliance.

- 1 ASME Sec. I, II, V, VIII & IX
- 2 AWS D1.1, AWS D1.6
- 3 NBIC NB-23
- 4 AISC
- 5 API-650, API-620
- 6 Saudi Aramco Engineering Standards (SAES)
- 7 AWS D1.1
- 8 ASTM, DIN BS-EN, ISO, JS

WHERE SMART LAYOUT MEETS SMART EXECUTION
SEAMLESS INTEGRATION BETWEEN DESIGN, OPERATIONS, AND TECHNOLOGY

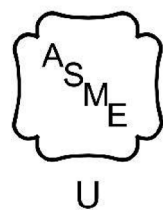

CERTIFICATION

Certified to Lead

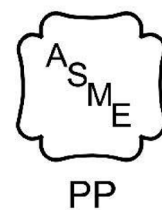

Alnafie Group holds a wide range of local and international certifications that reflect its commitment to quality, compliance, and industrial excellence. These recognitions strengthen the Group's credibility and ensure adherence to the highest technical and operational standards.

OUR CLIENTS

Trusted by Industry Leaders

A wide network of clients across government and private sectors reflects the strength of our partnerships, built on trust, performance, and reliability. These collaborations highlight our ability to deliver value across complex industrial projects.

KEY PRODUCTS & SERVICES

KEY PRODUCTS & SERVICES

Engineered for Excellence

The downstream service facility is dedicated to processing and manufacturing a wide range of steel structures across heavy, medium, and light categories. Applications include turbine buildings, platforms, HR buildings, pre-engineered buildings (PEB), utility buildings, pipe racks, HRSG structures, boiler support frames, steel roofs and walls, and high-tension towers.

The facility also delivers an extensive range of products such as storage tanks of all types, pressure vessels, air and gas ducts, air-cooled condensers, steel coils, reinforcement bars (epoxy-coated and black), wire rod coils, electrical panels, and fencing security systems.

Structural Steel

- Carbon Steel
- Stainless Steel
- Steel Bridges
- Plate Work
- Warehouses
- Wireless Towers

Storage Tanks

- Pressure Vessel
- Carbon Steel Tank
- Stainless Steel Tank

Steel Services

- STEEL SERVICES
- Slitting
- Corrugated Sheet
- Metal Deck Sheet

Reinforcement Steel

- Epoxy coated rebar
- Black steel rebar
- Wier Mesh
- Cut and Bend

Security Fence Systems

- Chain link fence fabric
- Gates
- Welded Mesh fence system
- Guard Rail Barriers
- Anti-Climb Fence

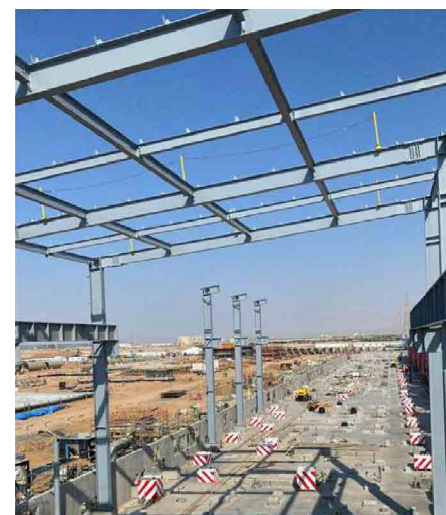

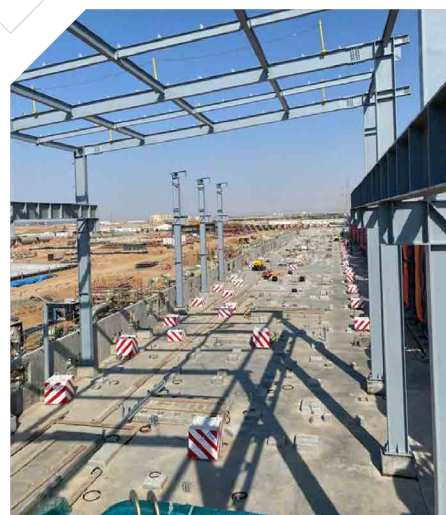

Electrical Panels

- Electrical Enclosure
- Low and Medium Voltage

ALNAFIE STEEL

The Pioneers in Steel Trading

Recognized for consistent value creation and strong, long-term business relationships. With deep market knowledge and a reputation built over decades, Alnafie Steel continues to lead with integrity and performance.

Our commitment to excellence drives us to deliver reliable steel solutions that meet diverse industry needs, while actively contributing to national development and working to serve and enrich society.

Commercial Steel

- Beams and Channels
- Pipes and Tubes
- Angles and Flat Bars
- Brass and Copper Sheets
- Steel Coils and Plates
- Aluminum Coils and Sheet
- Stainless Steel

Special Steel

- Aluminum Alloy
- Copper Alloy
- Bronze
- Brass
- Nickle Alloy
- Mild Steel Round Bars
- Carbon Steel Round Bars
- Cold Draw Shafting Round Bars
- Alloy Steel Round Bars
- Cast Iron
- Tool Steel
- High-Speed Steel
- Plastic Engineering

Reinforcement Steel

- Black
- Epoxy Coated
- Straightening and Cutting
- Cut and Bend

Wear Resistant Steel

- HARDOX Wear Plates
- SIDUR Wear Plates
- Perdur Wear Plates
- PROTAC 500 Armored Steel Plate
